At the delegate county convention held at the court house in Stanford, Lincoln county, Ky., on June 27th, 1904, at 2 o'clock P. M., standard time, for the purpose of selecting delegates to the district convention at Shelbyville on June 28, to nominate a democratic candidate for Congress in the Eighth Congressional district of Kentucky pursuant to the order of the Democratic Congressional District Committee held at Lawrenceburg April 29, 1904. Said delegate county convention was called to order by James F. Holdam, chairman of the democratic county committee of Lincoln county, who presided over said delegate county convention until Geo. D. Weatherford was elected temporary chairman and W. B. McKinney was elected temporary secretary. On motion duly made, seconded and carried, the temporary organization was made permanent by the election of George D. Weatherford as permanent chairman and W. B. McKinney as permanent secretary. On motion duly made, seconded and carried, the following delegates were chosen and elected to attend said district convention as aforesaid to-wit: J. S. Owens, W. S. Burch, R. C. Warren, J. P. Bailey, J. T. Embry, A. C. Dunn, G. D. Weatherford, M. S. Baughman, E. C. Walton. The following were elected as alternates: J. F. Holdam, W. W. Withers, W. B. McKinney, M. F. North, S. M. Owens, G. B. Sautley, S. T. Harris, S. J. Embry, Sr., J. B. Paxton. On motion duly made, seconded and carried, the following resolutions were adopted:

1ST. We endorse, without qualification, the candidacy of the Hon. Harvey Helm for the democratic nomination for Congress from this, the Eighth Congressional district of Kentucky; that he is in every respect fully qualified to ably represent said district in the House of Representatives of the United States, both by learning and training, fully equipped to cope with the ablest man in the House of Congress, and if nominated, will carry the democratic banner to triumphant victory in November. In presenting his name to the democracy of this Congressional district, the democracy of Lincoln county feel an honest pride, knowing and recognizing as we do, his true worth, his gentlemanly bearing and valiant party services in the past.

2ND. The delegates from Lincoln county are hereby instructed to vote for the Hon. Harvey Helm for said nomination and to use all honorable means to secure his nomination at said District Convention.

All of which is ordered certified to said District Convention at Shelbyville. On motion duly made, seconded and carried, the said county convention adjourned.

Given under our hands this, June 27, 1904. GEO. D. WEATHERFORD, Permanent Chm'n. W. B. MCKINNEY, Permanent Sec'y.

Looking as trim and neat as an eighteenth century boat could be expected to look, the frigate Constellation is lying at the cob dock in the New York Navy Yard, where she has been sent for repairs. She makes a strange contrast to the monster battleship now under construction in the yard, but she has a warm place in the hearts of the officers, many of whom have served on her in the past.

The Constellation is the oldest ship in the United States Navy. She was launched in 1797, and some officers believe that was before Nelson's flagship, the Victory, was launched.

The old Constellation was started before the Constellation, but there was some delay in launching her, and the Constellation was the first in the water.

It is doubtful if there is even a splinter of wood in the old frigate that was in her the day she was launched. She has been completely overhauled more times than the oldest naval officer can remember. All that was left of the original ship in 1883 was a part of the keel and a few ribs, and the navy officers believe these have been taken out. —New York Herald.

No Competition.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the relief and cure of bowel complaints both in children and adults has brought it into almost universal use, so that it is practically without a rival, and as every one who has used it knows, is without an equal. HON. HARVEY HELM will be nominated for Congress by the convention which meets at Shelbyville to-day. We are confident of it; as confident as we could possibly be of anything. The nomination may not, and likely will not, come on the first ballot, but it will come to the gallant entry from Lincoln county ere the convention is a memory. After a hard and plucky fight all the way through, our splendid townsman can see that victory is his own and no one is gladder of his success than he who indites these lines. He has "gone against" the machinery and money by the barrel, and has defeated both propositions. He has won his fight on his merits and he alone is due the credit of it. He has no one to thank for his achievement except Him who gave him his indomitable energy and his remarkable faculty of judging men. In the precinct conventions of Saturday afternoon he made all of his claims good. Months ago he said he would carry Lincoln, Garrard, Madison and Rockcastle. Those counties are to his credit, giving him 36 votes in the convention at Shelbyville to-day. He is short only nine votes of the requisite number to nominate and that he will get that number before many ballots are taken, we are absolutely confident. Mr. Helm has made a magnificent race against odds, having carried four counties out of the 10 with such able and wealthy opponents as Messrs. Gilbert and Moore. There is little wonder that he and his friends are feeling good and little doubt that they will be feeling better when the Shelbyville convention stands adjourned. Three cheers for the gallant young "Sycamore of the St. Asaph."

THEODORE ROOSEVELT, of New York, and Charles Warren Fairbanks, of Indiana, were nominated, respectively, for president and vice president of the United States by the republican National convention, as stated in our Friday's issue. In the case of the pres-

identical nomination the roll of States was called. Senator Fairbanks was nominated by acclamation, the roll being dispensed with. The convention was called to order by Chairman Cannon, who after the invocation, announced that the selection of a presidential candidate was next in the order of business. Alabama, when called, gave way to the State of New York, which through ex-Gov. Frank S. Black, proposed the name of Theodore Roosevelt for the presidency. The delegates cheered wildly at the conclusion of his speech, and received the seconding speeches of Senator Beveridge, ex-Gov. Bradley, of Kentucky, and others with marked demonstrations. On the call for vice presidential nominations Alabama again gave way, this time in favor of Iowa, whose junior Senator, J. P. Dooliver, nominated Charles Warren Fairbanks, of Indiana, for that honor. He was seconded by Senator Depew, of New York, amid the cheers of the enthusiastic delegates. After the adjournment of the convention, the new National Committee met and unanimously elected George B. Cortelyou its chairman. In an address to the committee, following his election, Chairman Cortelyou stated that while he sought the counsel of the members, he expected to be chairman in fact, and would accept no dictation from anyone, high or low. President Roosevelt and Senator Fairbanks, after the result had been announced, exchanged telegrams of congratulation.

A SWEEPING change in the cabinet of President Roosevelt was officially announced at the White House. The announcement came in the form of a brief typewritten statement issued by Secretary Loeb, as follows: William H. Moody, of Massachusetts, Attorney General; Paul Norton, of Illinois, Secretary of the Navy; Victor H. Metcalf, of California, Secretary of Commerce and Labor. The resignations of Secretary Cortelyou and Attorney General Knox have been accepted to take effect July 1.

POLITICAL.

Secretary Hay's ruling that the people of the United States shall be called "Americans" is antedated 128 years by a Virginia resolution.

It is said a quiet campaign is under way to secure the Democratic vice presidential nomination for Marshall Field, of Chicago. John R. McLean is also mentioned.

In a session continuing until almost 6 o'clock in the morning, Robert B. Glenn received the democratic nomination for governor of North Carolina. The delegates to the National convention will vote as a unit upon all questions, but are otherwise un instructed.

Hon. John Sharp Williams, in an interview printed in the Courier Journal yesterday, analyzed the Republican platform, shows its inconsistency and in vigorous fashion pays his respects to the framers of the negro suffrage plank.

A Tammany leader is reported to have asked D. R. Francis, president of the Louisiana Purchase Exposition, "in the name of the East," to become a presidential candidate before the Democratic National Convention to be held in St. Louis. It is said that Mr. Francis took kindly to the suggestion.

The New York Daily News, which has recently changed hands, has come out as a straight Democratic newspaper, and is recognized as the organ of Tammany Hall. It prints a three-page article, advocating George B. McClellan, the present mayor, as nominee of the democratic party for the presidency.

The Kentucky delegation to the Republican National Convention with the exception of the most noted members, A. E. Wilson, Leslie Combs, Gov. Bradley and Commissioner Yerkes, marched to Indiana headquarters and thanked Gov. Durbine for refusing to surrender Fugitive W. S. Taylor. Editor Roberts, of Lexington, acted as spokesman.

It is all right, we suppose, for the republicans to nominate Roosevelt and Fairbanks; they had nothing else to do and could not have done otherwise if they would, but it is slightly hard on Booker Washington that he was not afforded political recognition by the black and tan convention. But what do "niggers" think about it? asks the Lexington Democrat.

The people of Indiana along the route of the train from Chicago to Indianapolis gave Senator Fairbanks, the Republican nominee for Vice President, a warm welcome. Great crowds greeted the party wherever the train was scheduled to stop. At Indianapolis the Senator was met by a delegation of 20,000 citizens, irrespective of politics, and escorted to his home, where greetings and speeches were indulged in.

The State Department at Washington has received confirmation of the report that the French and German Ministers, while driving at Port au Prince, Hayti, were stoned by the members of the Palace Guard. The Minister's wives, who were following in another carriage, were also assailed. The two Governments have been notified, and a preemptory demand for redress is expected. The Detroit, which has been in Dominican waters during the settlement of the recent revolution, will return to San Domingo.

President Roosevelt will be notified of his nomination on July 27 and Senator Fairbanks a week later.

It is said that John Sharp Williams is the choice of the Democratic National Committee for temporary chairman of the St. Louis convention.

The father of Mr. Paul Morton, eight years ago, was a member of President Cleveland's cabinet. Now the son sits in the cabinet of President Roosevelt. Cleveland Democrats and Roosevelt Republicans are not very far apart.—Louisville Post.

Crab Orchard Springs.

Kentucky's Most Delightful
Summer Resort.

Four Hotels. Capacity 600
Guests.

Famous Crab Orchard Springs.

As the heated term approaches, the thought arises, where shall I go to seek rest and quiet and find pleasant days and cool nights? This can be easily answered. Crab Orchard Springs for nearly a century has proven a model summer resort, and this season promises to be the best in its history. There health and happiness can always be found. The days are never oppressively warm, while the nights are delightfully pleasant from June till October. The famous Crab Orchard water, (from which is made Crab Orchard Salts), Sulphur, Chalybeate, Magnesia, etc., all flow from large springs close to the Springs Hotel. A new Epsom Well has been opened and the use of the Salt Sulphur Well at depot has been secured.

The Table.

Neither money nor pains will be spared to make the table the best to be found in Kentucky. Fine cattle, mutton, pork and poultry, fattened on the Springs farm, not surpassed anywhere.

Improvements.

The Springs buildings have all been improved, while paint and paper have been liberally used. The grounds are in the very pink of condition and present a scene lovely to behold just now. All of the walks have been regravelled. Also a complete job of plumbing just about completed from top to bottom.

Society and Amusements.

Crab Orchard Springs has long been noted for the home-like feeling that pervades the entire place. The ceremonial collets of fashionable home life are laid aside, while individual promotes his or her own happiness in contributing to the happiness of others.

Rates.

The rates are very low, considering the excellency of the service. For \$5 to \$10 per week delightful rooms and splendid fare can be obtained.

Season Opened June 1.

The season opened June 1st, and all during the Summer a splendid band of music will be in attendance.

THE reception given by Dr. and Mrs. Hugh Reid in honor of Miss Mary Pennington and Messrs. Welch Rochester and John Owsley Reid Thursday evening proved a thoroughly enjoyable affair. Many guests were there and everybody had a good time. The refreshments served were of a delightful nature and were heartily partaken of. THE Crab Orchard Fair catalogue is in the hands of the printer. Secretary W. D. Wallin brought a portion of the copy down Friday and we will begin work on it at once. The catalogue will contain 60 or 75 pages and will be brim full of liberal premiums and purses and well set advertisements. The fair date is July 27, 28, 29 and unless all signs fall those days will be about the biggest ever seen in the East End Capital. Write to Secretary Wallin for catalogues in about two weeks.

THE Lexington Democrat of Friday contained the following concerning a West End citizen: Frank Goode, of Hustonville, was arrested on South Broadway on the charge of lunacy. He was placed in jail and will be given a trial. He is sorely afflicted with scrofula and some one told him if he would drink a good deal of turpentine it would cure him of his affliction. He acted on their advice and poured it down. When placed under arrest he was in so much misery that he could not sit still. He was also under the impression that it was raining all the time and kept begging for a gum coat to keep from getting wet.

MISS MARY HIGGINS gave a delightful party to some 50 of her friends at her beautiful home Friday evening. It was intended for a lawn party but the elements interfered and the parlors, porches and halls were used instead. The evening proved none the less enjoyable because of the lowering clouds and all went away feeling that it was good to have been there. Toothsome refreshments were served during the evening and nothing was left undone that would have added to the pleasure of the occasion. The young ladies present from a distance were: Misses May Miller, Richmond; Ada Alcorn, Hustonville; Mattie Hays Rochester, Independence, Mo.; Virginia Trueheart, Sterling, Kansas; and Miss Minerva Embury, Lexington.

HEALTH

"I don't think we could keep house without Theford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakened kidneys

No DOCTOR

is necessary in the home where Theford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Theford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels liver and kidneys so nearly control the health.

STANFORD, - KENTUCKY

J.C. McCLARY

John Riggsby has the finest corn in this section; James Elmore, of Jellico, is visiting her mother, Mrs. E. Foley. Miss Nannie Carmichael was with Miss Carrie Thompson.

Rev. Jordan, with Rev. Chatbam, of Brooksville, will hold a protracted meeting at the M. E. Church, at this place, about the 10 of July. Rev. Chatbam is said to be a most excellent divine.

Geo. Coleon bought some corn of J. C. Horton at \$3. J. M. Cress bought of J. C. Horton, 35 barrels of corn at \$3. All the boys at this place, who having failed to lure the big carp from the depths of "Big Pond," felt sadly at never a nibble. But Ramon Cox, who lays no claim to being a fisherman, killed one with a hoe, while he was resting, which weighed 91 pounds. This is not a fish yarn.

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by Penny under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

"What might this be?" she asked, touching one of them cautiously.

"Grape-fruit," returned Mrs. Williams. "They were sent to me from California, where Mr. Williams has an orange grove."

"Sure, I've heard that they grow fine fruit in California," said Mrs. Donnelly, approvingly. "Look at them there, ma'am, I can well believe it; but sure, darlint, if the grapes are size of that, where in the world do they find room to grow any pumpkins."

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Penny, Druggist. Trial bottles free, regular sizes 50c and \$1.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Penny, Druggist.

A Good Game.

In forwarding money for his paper, Mr. R. E. Gaines, formerly of this county but now of Duncan, I. T., encloses the following: One of our Kentucky exchanges has discovered a new and interesting game, and gives explicit instructions to those who would play the game. Doubtless it will prove very popular through the summer months—popular at least with the editor who takes part in it, as he is often entirely forgotten at this season of the year. The directions are: Take an ordinary envelope and a piece of writing paper upon which is written your name and address. Tear out of your check book a bank note upon which inscribe figures sufficiently large enough to pay up all arrears and one year in advance. Hand or mail this little package to the editor, and if he smiles the trick is played. The game is easy and anybody can play it successfully. Instead of a bank note, a post-office money order or currency of the land will do just as well. Every time you play the game successfully, you win a point, which is counted in your favor in a little book kept by your opponent. The game can be played at any time by anybody. Spring and summer weather is said to conduce wonderfully to its success. There is no patent on it. Suppose you try it just for fun.

PREACHERSVILLE.

John Riggsby has the finest corn in this section; James Elmore, of Jellico, is visiting her mother, Mrs. E. Foley. Miss Nannie Carmichael was with Miss Carrie Thompson.

Rev. Jordan, with Rev. Chatbam, of Brooksville, will hold a protracted meeting at the M. E. Church, at this place, about the 10 of July. Rev. Chatbam is said to be a most excellent divine.

Geo. Coleon bought some corn of J. C. Horton at \$3. J. M. Cress bought of J. C. Horton, 35 barrels of corn at \$3. All the boys at this place, who having failed to lure the big carp from the depths of "Big Pond," felt sadly at never a nibble. But Ramon Cox, who lays no claim to being a fisherman, killed one with a hoe, while he was resting, which weighed 91 pounds. This is not a fish yarn.

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by Penny under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

WAYNESBURG.

C. C. Gooch is having his store-house painted.

Jordan & Stergeon, of Buck Creek, sold to K. E. Horton a poplar tree for \$7. The Reynolds Co. paid Mr. Horton \$36.08 for the tree delivered at Waynesburg.

Revel Gooch is up after an attack of fever. Dr. L. G. Singleton is back from Burnside, where he has been practicing his profession. S. H. Gooch, wife and daughter, Etta, will attend commencement exercises at the Hospital College, Louisville. They leave to day.

The trustees of the Waynesburg school are talking of a better location and an up-to-date building. Why not have a 10 months' school? The Q & C. would pay most of the expenses. By the way, we haven't anyone to teach the next school term. Will some first-class teacher please apply?

Dr. T. H. Singleton, our bustling lumber dealer, has gone to Pulaski. Mrs. Singleton and Van are visiting at Science Hill. Miss Doshie Gooch, milliner and dressmaker, is talking of leaving us. We regret to give her up. We will miss her not only in business but her kind and pleasant disposition also.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by W. N. Craig.

First Bostonian—Have you observed that Mr. Cleveland says "under no circumstances would I take the nomination?"

Second Bostonian—Yes. He meant of course, "in no circumstances." It is mortifying to be under the constant necessity of correcting Mr. Cleveland's rhetoric.

Mrs. Nancy Muse, widow of Gilmore Muse, at one time a prominent and well-to-do farmer of Pulaski, is dead.

The Peruvian transport steamer Amazonas was wrecked on the Amazon river and 23 lives were lost.

A call has been issued for the Trans-Mississippi Commercial Congress, to be held September 10-17.

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by W. N. Craig.
